

Company Profile

Established in 1995, Gold Coast based Mulherin Rigging & Cranes (Aust) Pty Ltd (MRCA) has been servicing areas in Queensland, NT and NSW with crane hire, structural steel erection, precast concrete erection and mechanical plant installation and maintenance.

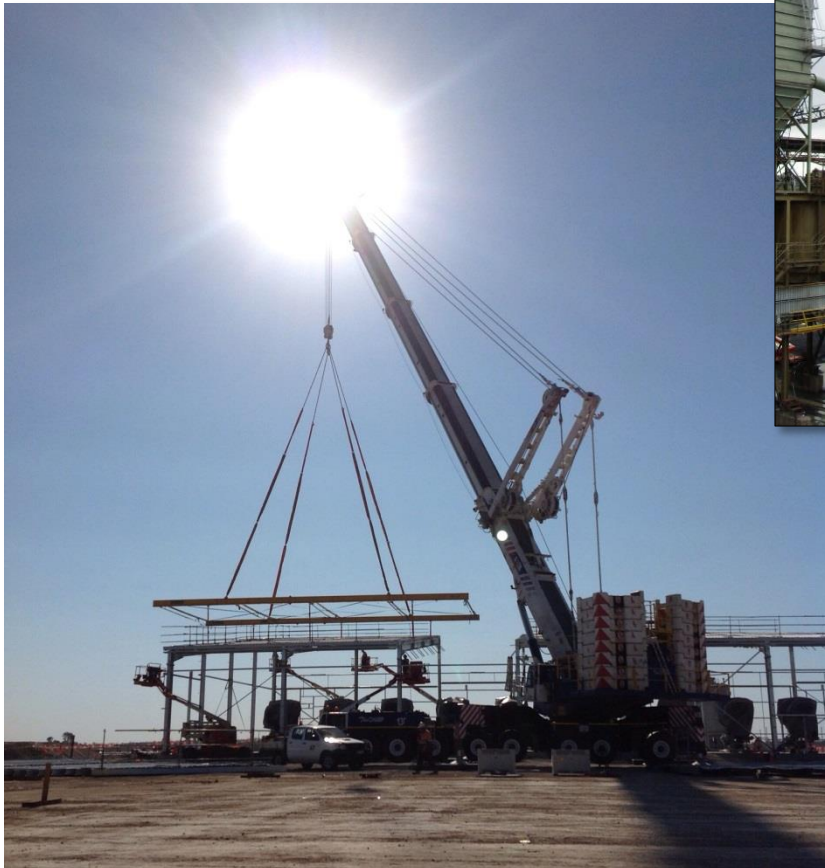

Comprising of a full time team of over 50 fully qualified Riggers, Boilermakers and Crane Operators and with access to a number of ticketed contractors, MRCA is capable of servicing any project, large or small.

MRCA pride themselves in their innovative approach to the construction industry with a “It can be done, we just need to find a safe way” attitude.

MRCA solves construction problems on a regular basis. Access to a vast range of cross hire equipment, via strong industry relationships, gives MRCA maximum flexibility to adapt to construction needs.
